4th SOUTH ASIAN MELIOIDOSIS CONGRESS 2025

26th & 27th November 2025 , Vivanta Guwahati, Assam

Esteemed colleague,

It is a proud privilege for us to host the 4th South Asian Melioidosis Congress (SAMC), 2025, for the first time in Assam, India. We cordially invite you to the unparalleled opportunities for learning and connection that await you in the beautiful city of Guwahati, Assam, India. We welcome you all to join us from the 26th to 27th of November, 2025, at Hotel Vivanta Guwahati, Assam, for SAMC 2025.

The theme “Melioidosis: The Great Mimicker” will bring together a huge amalgamation of experts from South Asian countries and around the globe to exchange their knowledge on all important aspects of melioidosis.

With tales of conquest, dominance, victory, and chivalry, Assam has a great history and cultural heritage. The “Pyramids of India”, a UNESCO site, also known as Charaideo Maidam, is a revered burial ground of Ahom dynasty, which ruled Assam for 600 years, was founded in 1228 AC. The discovery of Camellia sinensis in 1834 in Assam contributed to the emergence of Assam as a major player of the global tea production. Established in 1908, the Kaziranga National Park, located on the edge of the Eastern Himalaya is home to two-thirds of the world's Great One-horned Rhinos and the endangered Wild Asiatic Water Buffalo, along with elephants, tigers, panthers, bears, and many varieties of birds is a UNESCO World Heritage Site. Assam also boasts of one of the biggest River Islands in the world, the Majuli Island, which lies on the Brahmaputra River and is home to twenty-one Satras another UNESCO Heritage Sites of India.

Assam awaits to welcome you all.

We are hopeful that this congress will be a splendid platform for sharing the unrevealed secrets of melioidosis. Your participation and presence would be an honour, and we appreciate your contribution to the success of SAMC 2025.

Warm Regards

Organising committee
