

National Institute of Mental Health And Neurosciences

(An Institute of National Importance)

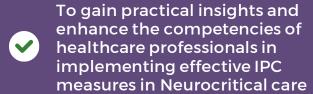

Neurocritical IPC: Deep Dive into Preventive Practices

Aimed at strengthening infection prevention and control (IPC) strategies in Neurocritical care settings

Hospital Infection Surveillance System (HISS),
Dept. of Neuromicrobiology in co-ordination with
Neuroanaesthesia & Neuro Critical Care (NA&NCC)
and Clinical Nursing Services

Objectives:

- To ensure alignment of Neurocritical IPC practices with national guidelines and international standards for HCAI prevention.
- To promote seamless interdisciplinary collaboration aimed at improving patient safety outcomes.

Who should register?:

Nursing Officers, Doctors & other
Healthcare workers from critical care unit

With KNC credit points

080-26995152 9480829497

Event Details:

- 18th October 2025
- 08.30 AM 4.30 PM
- **Platinum Jubilee Hall,** NIMHANS

Click here or scan to Register

Rs. 250/- only

(Limited to 100 participants)

Register before 16 Oct 2025
