AIIMS Patna is hosting a two-day National Level hands-on workshop designed to translate robust infection control theory into practical excellence, with practical insights

Key Highlights:

- **Combat HAIs:** Implement proven strategies to mitigate patient risk and improve public health outcomes.
- **Regulatory Alignment:** Master the standards required for NABL, NABH, and Kaya Kalp compliance.
- **Career Advancement:** Gain essential skills for interviews, higher education, and global opportunities.
- **Expert Guidance:** Learn from AIIMS Patna's streamlined HICC framework and peer-leading expertise.

HURRY
LIMITED
30 seats only

Important Note:

Participants selected for the workshop are expected to commit fully to the program for its entire duration.

For participants traveling from outside Patna, it is recommended to arrive a day prior to the workshop.
