About the Course :

Preparing for the **FRCPath examination** requires more than textbooks - it requires understanding how to approach the exam with confidence.

Following the success of our previous programme, **MicroQuora** is pleased to present the 2026 Online FRCPath Preparatory Course, delivered over six interactive online sessions across **December** and **January**.

Course Structure

Live Online

Sessions

Each Sessions

**DECEMBER
2026
-
JANUARY
2027**

**COURSE
FEE**

**150 GBP
i.e 19,300 INR**

New Course Highlights

- Live interactive online teaching
- Small batch learning
- Exam-oriented discussions
- Practical clinical microbiology
- Real-life case discussions
- Faculty interaction
- Q&A sessions
- Structured revision

Course Schedule

The course consists of **six live online** weekend sessions conducted over **December 2026** and **January 2027**, designed to provide comprehensive preparation for both the **FRCPath Part 1** and **Part 2** examinations. The highlighted sessions focus on high-yield practical topics, including antimicrobial susceptibility testing with case-based learning, as well as infection prevention and control through practical clinical scenarios and exam-focused concepts. These sessions are structured to bridge theoretical knowledge with real-world microbiology practice, helping candidates develop the analytical and problem-solving skills required for success in the **FRCPath examination** and routine laboratory practice.

Each session will be followed by an **"Ask me Anything"** session to facilitate better interaction and learning.

Faculty

Dr. Surybarata Banerjee

MBBS, FRCPath

Consultant Microbiologist &
Clinical Lead, NHS UK

Dr. Sai Shruti Iyer

MBBS, MD, FRCPath

Head - Microbiology & Infection Control,
Sankara Eye foundation India
